Course Description

This course will include AR 1100 and AR 1111

This course will include the procedures and practice in handling and maintenance of equipment, use of materials and proper surface preparation for automotive refinishing. This will include the repair and refinishing procedures of various substrates for refinishing. Corrosion protection for various types of metals, repair, and refinishing procedures for various types of plastics. Cosmetic repairs will include parts replacement nonstructural (fastener attached.) small dent repair procedures using fill materials, body fillers including plastic parts materials. Application procedures of various automotive top coat refinish products will include single stage and two stage finishes, including water borne base coat. Also procedures of mixing and matching colors as needed. Hands on Training Color Match Toning, Blending, Surface Prep.

A course in the preparation and application of base and top coats on damaged vehicles for finish coating.Coreq: AR 1111.Semester: Fall

Skill development of surface prep and painting competencies. Lab class covers ASE task requirements.

Coreq: AR 1100.

Course Prerequisites

None.

Communication Plan

Example language:

- I will respond to email within [48 hours]. I will offer feedback on major assignments within [48 hours]. The best way to contact me is via the Canvas Inbox, as I will prioritize this email over other modes of communication.

- In this course I will be posting interactive announcements which will offer specific opportunities for class questions and extra credit every other week.

- Additionally, I will be participating in the discussion forums with you to share my perspective within the discipline and to offer some nuances of interpretation that may not be present in your textbook.

- Lastly, we'll be holding small group Q & A sessions, where we can learn from our peers (and faculty) on some of the more difficult units within the course.

Keys for Success (how to succeed in the course)

Daily attendance is mandatory with all of your tolls and physical and mental attitude to be in a safe environment. The lab is designed to function like a collision repair shop.

Housekeeping is important for many reasons. If you use a tool, piece of equipment or material, you are expected to return it to its proper place by the end of the class period. By the end of the class time your station should be swept and organized before you leave.

Course Content Warnings/Trigger Warnings

This is a shop class. You may smell paint fumes, hear loud noises this is the type of environment you will be learning in.

Brief Description of Assignments/Exams

You will be learning the I-Car curriculum. I-Car is the leader in Collision repair and Auto Refinishing education.

Assignment Schedule

Due Date	Assignment Name	Assignment Type	Points
	Cut and buff panels	Assignment	100
	Introduce Yourself	Discussion	0
	Lab Fee	Assignment	100
	lab fee $200	Assignment	100
	Mid terms grades	Assignment	100
	Overall job performance	Assignment	100
	Paint and blend Panels	Assignment	100
	Prep and paint panels	Assignment	100
	Roll Call Attendance	Assignment	100
	Syllabus/Lab fee contract	Assignment	100

Grading Scale

Our hope is to provide our students with the best possible learning experience.

General grading system:

A (90-100%)

B (80-89%)

C (70-79%)

D (60-69%)

E (0-59%)

I Incomplete

How to Navigate to Canvas

Institutional Policies

As members of our academic community, we would like to invite you to review the Institutional Syllabus which covers important policies and procedures. This document contains important links for students on the code of student rights and responsibilities, academic integrity, and grading policies, Title IX and other important acknowledgements. By familiarizing yourself with this information, you can help us create a safe and respectful environment for everyone.

You can access the document by clicking on the following link: https://slcc.instructure.com/courses/530981/pages/institutional-syllabus

Learning Support and Tutoring Services

We are pleased to offer a range of tutoring and learning support services to help you achieve your academic goals. Whether you need assistance with a specific subject or want to improve your study skills, you have many options for tutoring or other support.

To learn more about the services we offer and how to access them, please visit the Institutional Syllabus under the Tutoring and Learning Support tab: https://slcc.instructure.com/courses/530981/pages/institutional-syllabus. We encourage you to take advantage of these resources to help you succeed in your studies. If you have any questions or would like to schedule a tutoring session, please don't hesitate to reach out to us. We are here to support you in any way we can.

Advising and Counseling Support Services

At our institution, we are committed to supporting your academic and personal growth. That's why we offer a range of advising and counseling services to help you navigate the challenges of college life. To learn more about the resources available to you and how to access them, please visit the Institutional Syllabus under the Advising and Counseling Support Services tab: https://slcc.instructure.com/courses/530981/pages/institutional-syllabus. Our advising team and the support centers across campus are here to support you in achieving your goals and overcoming any obstacles you may face.

Student Academic Calendar

As students you should be aware of all important dates in the semester, such as the day that courses begin and end, as well as the drop date and the last day to withdraw. To learn more about those dates, navigate to the Student Academic Calendar below:
