Brief Description of Assignments/Exams

You will be asked to demonstrate the learning outcomes through several projects that explore aspects of storyboarding that will show evidence of your ability to apply the principles covered in class, and by presenting and participating in critiques and discussions. Meaning you will publicly share your drawings and animation. All submissions will be uploaded directly to Canvas, shared in person or over video meeting,

or as a link to syncSketch. Do not use Google Drive, YouTube, or Office 360 to submit assignments.

Assignments – 70% of grade

This is a studio class with all assignments given in class. Each assignment is outlined on Canvas, and when completed will be presented to the class for a peer review.

Emulation & Criticism - 30% of grade

You will reverse storyboard from four existing live action film sequences around themes and use one of them to prepare a 5-7 minute oral report on a short clip of film you feel is an exceptional example of quality visual storytelling. You will lead a class discussion showing a short clip justifying your choice.

Final

We will meet on the day of the Final for a short written assignment, and view your Animatic.

Grading Scale

My professional experience and aesthetic preferences are factors that influence my judgment. Specific objectives for each project will be outlined on Canvas and explained in-modules. Assignments are generally graded on a rubric with 4 points scale. Rubrics let you know how you will be assessed on your assignments. Canvas has a tutorial for how to view rubrics for assignments, how to view rubrics for discussion boards, and how to see rubric scores and comments. Canvas also has a tutorial for how to view comments and annotations made by your instructor on assignments.

Example of Rubric Criteria and Scoring

Criteria	4	3	2	1	0
Criteria	Professional	Adequate	Needs Work	Inadequate	No submission
Criteria	Every time	Most Times	Few Times	No times	No Submission

Criteria	Excellent	Good	Fair	Poor	No Submission
----------	-----------	------	------	------	---------------

Project grades will foremost be based upon the excellence of the project work. Students will receive point value for work that meets the criteria as given. You can view your grades right in Canvas, and they will be updated on a regular basis. Check frequently to make sure your grades are accurate. You can use the What-If Grades feature to find out how your grades will be affected by ungraded or upcoming or resubmitted assignments.

There is no assigned extra credit in this class. Final Grades will be given in the following breakdown as recommended by the Visual Art & Design Department.

- A (93% - 100%)
- A- (90% - 92.9%)
- B+ (86% - 89.9%)
- B (83% - 85.9%)
- B- (80% - 82.9%)
- C (70% - 79.9%)
- D (60% - 69.9%)
- E (0% - 59.9%)

Academic Honesty

Academic Honesty will be strictly enforced in this course. Any behavior deemed unethical or that does not abide by reasonable academic honesty will result in action by the professor. Students caught cheating in this course will forfeit their right to pass this course!

Deadlines

Submission due dates are stated with each assignment and an overview may be seen in the Canvas Calendar. Deadlines are not negotiable. No late work will be accepted. Every effort should be made to get your assignment submitted on time. Drawing, design, story, animation are processes of constant improvement. We have frequent critiques to review

the progress of your work. If your work is not finished you are still expected to submit it and participate.

Revisions

“Half of my life is an act of revision.” – John Irving

Projects that are turned in on time will not receive a final grade until the final at end of the semester so you will have the opportunity to make revisions. You will receive a temporary grade at the time each is due. When the revisions are completed a final grade will be assigned to each, if the revisions are done poorly the grade will not be improved and may even drop. Projects should be reworked based on the critique comments until they are as strong as possible.

- preferred - turned in on time, finished - can be resubmitted for a better grade
- acceptable - turned in on time, unfinished work in progress - can be resubmitted for a better grade
- unacceptable - not turned in, late, or work not started, submitted a placeholder - cannot be resubmitted for a better grade

Exceptions:

- sketchbook checks
- project milestones
- projects that are a required iteration or revision
- the final

Institutional Policies

As members of our academic community, we would like to invite you to review the Institutional Syllabus which covers important policies and procedures. This document contains important links for students on the code of student rights and responsibilities, academic integrity, and grading policies, Title IX and other important acknowledgements.

By familiarizing yourself with this information, you can help us create a safe and respectful environment for everyone.

Accessibility

Every known effort has been made to format this course to be as accessible as possible for all students, including closed captioning, alt tags, video and image descriptions, etc. However, due to the visual art nature of this course, not all visual elements within the course can be formatted in an accessible way that allows students needing visual assistance sufficient accommodations to use them independently. For example, students must create drawings that are visually appealing based on observation, or synchronize audio with animation. Students needing additional accommodations should work with the DRC on a case-by-case basis.

Catch All

I don't claim to know everything and am a fallible human being. I will inevitably make factual errors, draw unjustified conclusions, and sometimes pass my opinions along as fact. When appropriate, please let me know when I have messed up, and suggest ways my instruction or this course can be improved. The course evaluations at the end of the year are helpful, but the changes brought about through that feedback will be too late to help you.

Don't wait to address a problem!

I am not an umpire who is trying to call you out. I'm not a competitor who is trying to outsmart you. I'm not a prosecutor who is trying to convict you. I'm a teacher who wants your progress, dedicating my days to provide you opportunities to help you succeed as you make efforts toward your goals.

Items on this syllabus may be added to or changed to better achieve the course goals and needs of the student and instructor as situations present themselves.
