TELEPHONE**

**COURSE DESCRIPTIONS:**

This course teaches the basics of bricklaying, proper tool handling and safety, layout and course measurements.

**REQUIRED TEXTBOOKS:**

NCCER Core Curriculum – Introductory Craft Skills, 4<sup>th</sup> Edition  
NCCER Masonry – Level 1, 4<sup>th</sup> Edition

**COURSE OBJECTIVES:**

- Students will learn the basics of bricklaying, proper tool handling and safety, layout and course measurements.

**GRADING:**

Students will be given work in class to be completed outside of class. Grades will be based on the timely manner of work turned in; an understanding of work required and class attendance. Individual participation on a team project will be evaluated by the course instructor and a critical determination of the final grade.

- Attendance & Participation           80 %
- Course Study                           10 %
- Quizzes                                   10 %

This is a graded course, and the grades are as follows.

- A 100% - 90%
- B 90% - 80%
- C 80% - 70%
- E Less than 70%

Communication in the classroom is an essential safety component. Students must be able to always communicate with their teacher and other students. To adhere to this safety component any student caught with earbuds or headphones will immediately be withdrawn from class.
