Students need Internet access at school or at home to complete the assignments.

Course description

This course covers topics that a student would need to prepare for the Windows Server Active Directory exam. It is recommended students complete CSIS 1121 prior to taking this course.

Grading:

Grading Scale	A 94% - 100%	A- 90% - 93%
B+ 87% - 89%	B 84% - 86%	B- 80% - 83%
C+ 77% - 79%	C 74% - 76%	C- 70% - 73%
D+ 67% - 89%	D 64% - 66%	D- 60% - 63%
E 59% and below		

Add Policy

Additions will be made from a waiting list on a first-in, first-out basis. No additions will be allowed after the second week of class.

Grade Weights

60% TestOut: Simulation/Labs

40% 2 Exams (No Make Up)

Extra credit

Depending on your instructor, extra credit may be available in your Computer Sciences and Information Systems course. If offered, extra credit may not exceed 3% of the final weighted grade for the course.

Late work:

Unless prior arrangements have been made with the instructor, all assignments are due on the dates posted for the assignments. Assignments will be accepted up to 14 days after due date without any penalty; however, all assignments are due May 7.

Academic Dishonesty

Academic dishonesty, including cheating, plagiarism, misrepresentation or collaboration, will not be tolerated in the Computer Sciences and Information Systems department. You are to follow the [Student Code of Conduct \(Links to an external site.\)](#). See page 41 for an explanation of the various forms of academic dishonesty. Procedures for alleged academic dishonesty are outlined on page 44 of the [Student Code of Conduct \(Links to an external site.\)](#) and will be followed explicitly. On the first offense--be it confirmed or merely suspected--the student and the Department Chair will be notified in writing by the instructor and the assignment/exam will receive a "0". On the second offense, the student will receive an E for the course, the Dean of Students and the Department Chair will be notified.

Classroom Courtesy

Anything that may disrupt class (cell phones, pagers, etc.) must be turned off or placed in silent mode. Texting, checking email, surfing the net, playing games and other non-class related activities are also considered distractions and are not welcome. MSDNAA All students enrolled in a Computer Science course are eligible to participate in Microsoft's Developer Academic Alliance program. At the end of the add/drop period for the semester (typically 3 weeks from the first day of class), Academic Alliance accounts will be automatically created and username/password information will be emailed to your SLCC myslcc email address. Specific usage information can be found by visiting: <https://msdn.microsoft.com/academic/program/usageguid>

ADA statement

Students with medical, psychological, learning or other disabilities desiring accommodations or services under ADA, should contact the Disability Resource Center (DRC). The DRC determines eligibility for and authorizes the provision of these accommodations and services for the college. Please contact the DRC at the Student
