## **Additional Policies**

Academic dishonesty (Cheating): Honesty is an expectation at Salt Lake Community College and within the Nursing Program. Any act of academic dishonesty is considered unprofessional behavior and a serious offense requiring disciplinary measures. Academic dishonesty will NOT be tolerated. Please see the SLCC Code of Student Rights and Responsibilities and the Nursing Student Handbook for additional information.

**Incomplete Process:** The nursing department is bound by the SLCC requirements for awarding an incomplete grade for a course. These requirements are as follows:

- An incomplete can only be considered when the student has unforeseen emergency circumstances that prevent their completion of the course requirements.
- The student must have completed at least seventy-five percent (75%) of the course with a passing grade.
- The student must meet with faculty to develop a written plan and submit an incomplete grade form.
- The plan for completing an incomplete grade must be done within one year, or the course grade will become an "E."

**COVID-19 Policies & Procedures**: Please visit Coronavirus (COVID-19) (slcc.edu)Links to an external site. for updated policies and procedures surrounding COVID-19. These are subject to change and must be reviewed regularly.

#### ADS & Accommodations:

SLCC values inclusive learning environments and strives to make all aspects of the College accessible to our students. If you have a disability and believe you need accommodations to improve access to learning materials or the learning environment, please contact the Accessibility and Disability Services: Phone: 801-957-4659 Email: ads@slcc.edu Website: www.slcc.edu/drcLinks to an external site..

Although pregnancy is not a disability, our ADS advisors are trained to assist with pregnancy related accommodations in addition to disability related accommodations. We strongly recommend any student who is pregnant or becomes pregnant while in the program notify the ADS. This will allow preventative measures to be taken, safety process in place to protect the student and the unborn child and allow for accommodations if they become necessary.

Due to risk of fetal exposure to radiation and chemicals while in the program it is strongly recommended that all pregnant students work closely with the ADS regardless of if accommodations are necessary.

#### **Academic Grievance Policy**

#### School of Health Sciences

In accordance with the Salt Lake Community College Student Code of Conduct, , the grievance https://www.slcc.edu/policies/policies/student\_affairs/8.1.050.aspx, policy for students with reference to academics can be found in Section III. Students are encouraged to seek resolution with the instructor(s) whenever possible.

It is the goal of the School of Health Sciences to be forthright and consistent with specific academic policies throughout divisions and programs. This policy singularly addresses academic issues and the general principles for disciplinary actions as noted in the Student Code of Conduct Section III. It should be noted it is up to the faculty's discretion to provide warning (verbal or written), suspension, or dismissal based upon program policy and severity of the issue at hand. It is realized in some health sciences programs a failing grade, as stated in the syllabus and/or policy manual, may result in program dismissal.

STEP ONE: A student has the right, as per college policy, to grieve a grade, warning (verbal or written), suspension, or dismissal received within a program of study. A student, as per policy, must make an appointment to meet with the instructor of the class. A meeting, for anything other than a final grade, should be made within ten (10) days of the incident. Final grade disputes require a meeting within 30 days of the student

receiving the grade. Every effort should be made to find resolution and provide evidence from both parties with respect to the grade issued.

STEP TWO: If a resolution cannot be made, the student must request in writing five (5) business days from the date of meeting with the faculty, a committee review of the grievance to the Associate Dean of the specific division. The grievance will be reviewed by a committee consisting of three (3) to five (5) faculty outside the program in which the student is enrolled. This will include the following members, the Associate Dean and two to four faculty members outside the discipline. The Associate Dean will serve as committee chair. One faculty and the program coordinator of the program involved in the grievance can attend the procedure, as can the student with one representative. Each of these parties will only be allowed to present evidence to the committee and not vote on the issue in question. Legal representation is allowed by either party. The proceedings will be recorded for accuracy. Upon completion of the proceedings, the committee ONLY will vote on the issue(s) noted in the student's grievance. A formal letter will be provided by the committee chair within ten (10) business days of the end of the proceeding with the committee's decision regarding the issue.

STEP THREE: If the student is not satisfied with the outcome, they may appeal to the Academic Dean of the School of Health Sciences. This must be done in writing within five (5) days of receiving the formal letter from the grievance committee chair. The Dean will review the appeal, all evidence, and render a decision to the student within ten (10) days of receiving the formal letter from the student. The decision of the Dean of the School of Health Sciences is final and cannot be appealed.
