- Explain the purpose of obtaining patient's health information and how to elicit different aspects of the chief medical complaint.
- Accurately identify, measure, and record vital signs.
- Define the normal ranges and values for each vital sign.
- Interpret the medical assistant's role in preparing and assisting in the physical exam.

College Wide Student Learning Outcomes

- Acquire substantive knowledge

- Develop quantitative literacies
- Think critically

Course Prerequisites

None.

Transfer/Certification/Licensure/Employment Information

An SLCC Certificate is earned after successfully completing all the courses within the program (the entire training program). This type of certificate provides evidence to employers that a level of competence has been achieved.

Additionally, students take the tests for industry-standard certificates when completing specific courses intended to prepare students for those certificates (e.g., CPR, First Aid, etc.).

A national certification test must be taken before completing the Clinical Medical Assisting program, typically during the externship. Students may complete any of 3 certifications through the AMT, NCCT, or NHA. Please speak with your instructor to learn about the differences and costs associated with each.

Engagement Plan

Instructors are open and available to help you in the classroom for face-to-face interaction, through

college email or Canvas comments and messaging, Zoom, and telephone as posted within the syllabus

and the 'Home Page' in Canvas including the 'Communications Statement' (with exception of holidays

and campus closures). Feel free to reach out to us!

We will respond to email within 24 hours. The best way to contact us is via the Canvas Inbox, as we will prioritize this email over other modes of communication.

In this course we will be posting interactive announcements which will offer specific opportunities for class questions and participation in activities.

Keys for Success (how to succeed in the course)

Communication:

Instructors are open and available to help you in the classroom for face-to-face interaction, through college email or Canvas comments and messaging, Zoom, and telephone as posted within the syllabus and the 'Home Page' in Canvas including the 'Communications Statement' (with the exception of holidays and campus closures e.g. semester breaks). Feel free to reach out to us!

Clothing/Lab Dress Code:

Scrubs may be worn in the classroom, and are required in the lab area and for externship (some externship facilities have specific requirements eg. U of U Red, Black, or Navy Blue scrubs only). Closed-toe shoes are also required in the laboratory/clinical setting areas when practicing skills.

Food and Drinks:

There will be no food or drinks allowed in the computer or lab area of the classroom. A 'Break Room' with a microwave and refrigerator is available for student use.

Cellular Phone Usage:

Cellular phones will be turned to silent mode, or if they do not have a silent option, they will be turned off while in the classroom. Any phone conversation must be made outside the classroom to avoid disrupting others. Phones are not allowed at the testing stations.

Classroom Safety:

An emergency guideline and evacuation route are posted in the classroom. As you progress through the program, you will learn OSHA safety standards in a medical setting. There is a binder with Material Safety Data Sheets located in the classroom to use as a reference for an incident involving hazardous materials. Please be aware of the location of these safety guidelines.

Student Responsibilities:

All students are accountable for the following:

1. Stay engaged and on task (read, watch videos, listen, take notes, ask questions, complete assignments, schedule, and complete skills)
2. Log into the LMS (Canvas - the College's learning management system) for course materials, presentations, and examinations.
3. Follow the instructor's directions AT ALL TIMES.
4. Ask the instructor for assistance after FIRST having attempted to resolve the problem themselves.
5. Complete **12-24 hours** of coursework each week for on-time course completion (based on part-time vs full-time enrollment status).

Grading Scale

SLTC Grading System

A = 100-90% → Excellent / Mastery

Consistently exceeds expectations, very few errors.

B = 89-78% → Satisfactory / Competent

Meets expectations; minor errors but overall skill is demonstrated.

E = Below 78% → Emerging / Needs Improvement

Does not yet meet expectations; needs more practice before reassessment

Mastery of competency in this competency-based program is demonstrated when you successfully complete the learning objectives and competencies within the coursework as defined. All components of the course must be mastered before moving forward. It is expected that each course be completed within the published course hours. At the end of your coursework, you will be rated according to the grading scale noted above based on your demonstrated ability of the course's established competencies. Additionally, you can earn credit for a course through Curriculum Exceptions or Credit for Prior Learning (CPL) by showing proof of previously completed course work.

Academic Integrity

PLAGIARISM: Students are expected to reference all sources of information. Any plagiarism will result

in failure of the assignment and possible failure of the course. The information must not be copied from

other student's work, textbook or internet sources.
